### Twenty-five Miners Killed and Injured by Dynamite Explosion

SPECIAL TO THE DAILY DISPATCH.

Colorado Springs, Colo., June 6, 1904, 11:05 a. m.—An explosion occurred at Independence station on the Florence and Cripple Creek railroad early today, which killed sixteen men and injured nine others fatally. The explosion was undoubtedly caused by dynamite laid under the center of the depot platform. Officials of the company and a corps of special detectives are now working on the case. The Victor militia has been ordered out and trouble is expected. The miners killed and injured were employed on the Findley property and supposed alleged crime was laid to catch these men.

## BEAT BACK RUSSIANS

JAPS INFLICT A GORY REVERSE UPON GENERAL STALKENBERG'S BRIGADE.

TWO HUNDRED ARE KILLED

AND TWICE THAT NUMBER OF RUSSIANS ARE WOUNDED IN THE CONFLICT.

ANOTHER NAVAL DISASTER

RUSSIAN GUNBOAT GILIAK TORPEDOED AND DESTROYED AT PORT ARTHUR.

London, June 6.—The Daily Telegraph's Tientsin correspondent wires: "Four thousand Russians belonging to General Stalkenberg's brigade on May 31 attacked 1,500 Japanese occupying a position five miles south of Wangfeng. The Russians were repulsed, losing 200 killed and 400 wounded. The Japanese lost more than 100 killed."

RUSSIAN GUNBOAT DESTROYED.

Tokio, June 6.—The Russian gunboat Giliak was torpedoed and destroyed at Port Arthur Saturday.

NEAR PORT ARTHUR

JAPANESE TROOPS ADVANCE TO WITHIN TWO MILES OF THE RUSSIAN LINE.

Chefoo, June 6.—But two miles separated Japanese and Russian armies on the Liaoting peninsula on June 2, according to Chinese who have arrived here from Dalny. The Japanese army, reinforced by the men who landed at Dalny, occupied Twingching and also Sanchimpio, several miles west of Dalny. They then proceeded along the coast toward Port Arthur.

On one side of the army are high mountains and on the other side is the sea, from which the Japanese gunboats are supporting the flank of the army.

On June 2 the Japanese forces were within seven miles of the outer forts of Port Arthur, only two miles from the Russian army, which is ready to protest their further advance. The Chinese believed that there would be a big battle at this point. It is also stated by the Chinese that the Japanese have moved their base to Dalny from Taitienwan. The larger Japanese ships are anchored outside the smaller ones inside the harbor. Troops are being landed, they say, from small vessels, apparently coming from Pitsewo or the Elliott islands. The Chinese further report that a number of Chinese have been shot while attempting to get through the Russian lines.

DEPRESSION IN RUSSIA.

Impending Fall of Port Arthur Casts Gloom Over the Empire.

London, June 6.—That the curtain is drawn again over the progress of the war probably indicates that important events are impending or about. The

sular division on the east coast fought a battle within fifteen miles of Port Arthur June 3. The result of the battle has not yet been learned.

A junk which lay off Port Arthur June 4, because of lack of wind, heard desultory firing that morning and saw five Japanese torpedo destroyers as they disappeared below the horizon. Afterward a tremendous explosion was heard and it was thought by those on the junk that possibly one of the destroyers had struck a mine. On the night of June 3 immense columns of flame and smoke were seen from the junk in the direction of Dalny.

RUSSIAN LOSS HEAVY

GENERAL KUROKI'S FORCES DEFEAT SIX HUNDRED COSACKS IN BATTLE.

Tokio, June 6.—Japanese and Russian forces located north of Pulentien, who were in a series of brushes during the early part of last week, had another encounter on Friday, June 3, near Chuchiatien. On that day the Japanese cavalry men met the Russians at noon. The Russians numbered 2,000 men, and were composed of infantry, detachments of cavalry and artillery. They were pressing the Japanese cavalry when the Japanese assembled their entire force and engaged the enemy. The Russians drew off gradually and at half past 5 in the afternoon they retired to Telshu. The Japanese suffered four men killed and four men wounded in this fighting.

A report has been received here from General Kuroki saying that on Friday last a detachment was dispatched from Alyangcheng (Alyangchenmen?) to the northeast of Fengwangcheng to make a reconnaissance toward Chalmatsi (Simatsi, thirty-five miles north of Fengwangcheng). This detachment encountered 600 Cossacks and after a brisk engagement the Russians retreated. General Kuroki reports that the Russian loss was heavy. The Japanese suffered one man killed and three wounded.

WORKING THE WIRELESS.

Japs Think Russians at Port Arthur Send Messages to Chinese Coast.

Tokio, June 6.—It is suspected here that the Russians at Port Arthur are communicating with points on the Chinese coast by means of wireless telegraphy. It was reported that a wireless station had been erected secretly at the village of Pehwang on Takin island, one of the Miaotao group, situated in Pechili straight, and the Japanese cruiser Chitose visited the island Saturday to investigate. She did not, however, find anything. It is reported that another such station has been erected near Shanhai-kwan and the Japanese are investigating this matter.

Saturday the Chitose steamed in close to Liaotheshan promontory and destroyed four masts and a watch-house near the coast. One of these masts evidently was fitted for wireless telegraphy operation.

The Chitose heard a series of explosions at Port Arthur and believe them to have resulted from blastings preparatory to the emplacement of new batteries.

NO FRESH INFORMATION.

Russian Government Without News From Port Arthur.

St. Petersburg, June 6.—The government appears to be without fresh information of any sort concerning Port Arthur. The authorities are skeptical over the story of smoke and heavy detonations at Port Arthur, which may have been caused by the Japanese passing over mine fields on the landward side. Even this, they say, is a doubtful supposition this early in the siege. The government is not in receipt of regular information from Port Arthur, but is wholly dependent upon the reports from Japanese or neutral sources, except when a messenger succeeds in breaking through the lines. It is not expected that the embargo will soon be raised.

Drowned While Fishing.

Toledo, O., June 6.—Albert Blackmore and Charles Bittner, two seventeen-year-old boys, were drowned at an early hour Sunday morning while fishing in the Maumee river, as the result of the capsizing of their rowboat.

Philadelphia, June 6.—W. H. Dorry, aged sixty years, and his wife, Lizzie, forty years of age, were found dead at their home, 1408 South Juniper street, Sunday evening, death in each case being due to a bullet wound. The body of the wife was found in the kitchen and that of Dorry lay in the second story front bedroom. His head rested on a coat which had been folded for a pillow. Dorry had been out of employment for some time, which fact is believed to have led him to end the lives of both.

## FEELING OF SECURITY

THAT AFFORDED BY THE AMERICAN FLEET AT TANGIER IS ONLY TEMPORARY.

RELEASE OF THE CAPTIVES

WILL BY NO MEANS END THE SITUATION THAT HAS BEEN CREATED IN MOROCCO.

London, June 6.—The Times' correspondent at Tangier, under date of June 5, says:

"The sultan's authorization to comply with Raisuli's demands cannot be received for a day or two. If the sultan fully acquiesces in the demands, the release of the captives may be expected shortly, but that by no means settles the situation, for having twice succeeded in defying Europe and the sultan, Raisuli's success will tempt the tribesmen to further outrages.

"The presence of the American fleet affords a temporary feeling of security, but the moment the fleet is withdrawn, unless some permanent form of protection is substituted, the danger will become greater than ever. The European population is most grateful to the Americans for having promptly sent warships. Full confidence is felt that the American government will not withdraw until some guarantee shall have been given that Europe recognizes the situation and demands energetic action."

SPANIARDS BECOME ANXIOUS.

Fear United States Will Try to Get a Port of Morocco.

Madrid, June 6.—The newspapers are anxiously discussing the Morocco question. The Epoca thinks that the precipitation in sending a fleet to the Morocco coast gives force to the report that the United States has asked the sultan of Morocco for a port on the west coast.

La Correspondencia de Espana gives a rumor that an exchange of notes is taking place among European chancelleries with a view to obtaining an assurance that American action will be confined strictly to measures for securing the liberation of the captives.

Spanish Warships for Morocco.

Malaga, June 6.—The Spanish battleships Pelayo and Numancia and the armored cruiser Cardinal Cisneros have left here for Tangier, Morocco.

FOURTEEN LIVES LOST

SCORE OF OTHER PERSONS INJURED BY AN EXPLOSION AT PEORIA, ILL.

Peoria, Ill., June 6.—Fourteen men were killed, a score of others injured, some probably fatally, 30,000 barrels of whiskey were destroyed and 3,000 cattle were burned to death as the result of an explosion at the plant of the Corning Distillery company.

The immense warehouse in which the explosion occurred was destroyed and three other buildings were gutted by fire. The property loss is \$1,000,000. The Corning distillery plant is said to be the second largest in the world.

The fourteen men were buried beneath the ruins by the explosion and burned to death. Six others were seriously injured.

The dead: Fred Knoll, Louis Behrend, John Hobecker, Joe Zimmerman, Louis Sax, William Findley, Jr., E. Brown, M. Crowl, John Leppin, William Field and four others whose names are unknown.

The explosion occurred in an eleven-story warehouse, and it was the third catastrophe in less than a year to overtake the distillery. Two other explosions followed in rapid succession, but their cause has not been determined. Fire followed the explosions and 30,000 barrels of whiskey were soon ablaze and flowing in a seething stream of flame into the cattle pens east of the warehouse, where 3,000 chained steers were roasted or suffocated in a short time.

STRIKE AT EVELETH ENDED.

Five Hundred Miners Decide to Accept Wage Reduction.

Duluth, June 6.—The 500 striking miners at the Drake and Stratton works at Eveleth, who laid down their picks and shovels on Thursday because of a reduction of 15 cents in their wages, have decided to accept the terms imposed by their employers and return to work at once. The men's wages were reduced from \$1.75 a day to \$1.60. The company will re-instate all but the ringleaders.

OPENED MOST AUSPICIOUSLY. Semi-Centennial Exercises of Wisconsin University.

Madison, Wis., June 6.—The semi-centennial exercises of the University of Wisconsin opened most auspiciously Sunday in the gymnasium, where the baccalaureate address of Professor John Bascom, former president of the university, was read by John M. Olin to the members of the graduating class, Professor Bascom being absent on account of impaired health.

Probably never has so large and distinguished an audience gathered for a commencement exercise as that of Sunday. The university section of Madison is alive with visitors from all parts of the country, a large number of alumni, and representatives of the universities and colleges which are sending members of their faculties to present their congratulations to the university, having arrived.

Preceding the exercises was the academic procession to the gymnasium, which was viewed by a great throng of people. President Van Hise headed the procession, which included G. F. Merrill, Dr. J. D. Butler, W. F. Vilas and J. M. Olin.

The programme was excellent. The jubilee concludes Thursday.

CHARGE OF MURDER.

Friends of F. T. Young Say It Will Be Preferred Against Someone.

New York, June 6.—Relatives and friends of Frank T. Young, the book-maker and race horse owner who was shot and killed in a cab while riding with Mrs. "Nan" Patterson Saturday morning, were in consultation Sunday with a lawyer. Subsequently it was said that a witness would be produced at the inquest whose testimony would certainly result in a definite charge of murder being preferred against someone.

FARMER KILLS TWO MEN.

Shooting the Result of an Ancient Quarrel.

Lexington, Va., June 6.—Edward McCormick, a young farmer of Brownsburg, sixteen miles from here, Saturday night shot and instantly killed John W. Wade and Arthur Blackwell. The shooting was the result of bad feeling that has existed between the men for three years. McCormick is under arrest. The dead men lay at McCormick and started the fight.

MANY PERSONS HURT

TROLLEY CAR RUNS AWAY AND STRIKES AGAINST A TREE AT BURLINGTON, IA.

Burlington, Ia., June 6.—A heavily loaded electric street car on the Valley street line Sunday was wrecked against a shade tree. The passengers jumped as the car flew along. Mrs. John Keehn was killed and sixteen others were seriously injured. Ora J. Gould, publisher of the City Directory, had his shoulder broken. Several others had arms and legs broken and many were badly cut about the head and shoulders.

In some unknown manner the brake beam on the open electric car broke just as the car was beginning to descend a steep valley. The car dashed down the long incline with frightful speed and at the foot of the hill crashed into a shade tree. The car was crowded with people, who began to jump as soon as the danger seemed imminent. Mrs. John Keehn was killed almost instantly, and sixteen others are known to have been seriously injured. The injured ones were strewn on both sides of the track down the entire length of the hill. They were taken to neighboring residences or to hospitals. The injured are:

Mrs. Joseph Carlson, Miss Jennie Munson, Mrs. Charles A. Munson, W. L. Kesler, Mrs. Davenport, Miss Betty Sanborn, Charles Taeger, Mrs. Charles Taeger, Edward M. Helliwig, Mrs. L. Sloderberg, Miss Emma Thuline, William Kottknap and Ora J. Gould.

MOB ATTACKS HEBREWS.

More Than a Dozen Men and Women Badly Injured.

New York, June 6.—More than a dozen men and women were badly injured and much property destroyed by a mob which attacked several Hebrews and brutally beat them before the police arrived.

One man is dying in a hospital with a fractured skull and many others are nursing broken bones and sore heads as a result of the riot. The Hebrews were attacked by a gang known as "the Ralmakers," who have for years terrorized the residents in the southern end of Brooklyn.

## STREAMS OVERFLOW

HEAVY RAINFALL OVER BLACK HILLS DISTRICT RESULTS IN SERIOUS FLOODS.

TWO FATALITIES RECORDED

TOTAL PROPERTY LOSS IS ESTIMATED AT FULLY A HALF A MILLION DOLLARS.

Deadwood, S. D., June 6.—As a result of the heavy rainfall over the Black Hills, which has continued for nearly a week, Whitewood, Deadwood and Choke creeks, the streams which pass within the city limits, have left their banks, carrying away a number of barns, sidewalks and outbuildings. The White building, one of the most substantial in the city, was wrecked and the city hall greatly damaged. One large building was carried away. Two lives are known to be lost, Mathew Bender, a young man of Center City, was drowned in an attempt to save property, and Guy S. Boudy, a farmer, drowned near Sturgis. No trains have been able to enter or leave Deadwood since Friday on either the Burlington or Northwestern on account of washouts. The damage was greatest at Center City, nearly all the business portion of that town being washed away. Half a mile of Northwestern track was swept away and the Columbus Mining company's plant nearly destroyed. A large number of homes at Gayville were carried away and the lower part of the town is under water.

It is believed the property loss in Deadwood and other Black Hills' cities and to railroads will exceed \$500,000. The water is still high, but it is believed the crest of the flood has been reached.

TWO MEN WOUNDED.

Gang Attacks Home of William Gillen in New York.

New York, June 6.—William Gillen, twenty-four years old, was attacked by a gang of about twenty men Sunday night at his home in East Sixteenth street. Several shots were fired and Gillen was struck on the forehead by a bullet and slightly wounded. He fired his own revolver five times into the crowd and probably mortally wounded William Wynn, nineteen years old. Gillen, Wynn and three others were arrested. All refused to talk.

RIOTING AT ST. LOUIS

CROWD BECOMES INCENSED BECAUSE A BULL FIGHT IS NOT PULLED OFF.

St. Louis, June 6.—Incensed over their failure to see a "genuine bull fight," which the authorities had ordered stopped, a riot was started in an arena near the world's fair grounds Sunday evening by a crowd of 2,500 men and boys, who were unable to get their money back, and the building was burned to the ground. The price of admission was \$1. Four men were placed under arrest by the authorities of St. Louis county, charged with the destruction of property. The crowd, thinking these men were connected with the show, made an attempt to mob them and in their encounter with the deputy sheriffs a number were roughly handled and some received scalp wounds. The building is said to have cost \$2,500. It is a total loss, with no insurance. A wild west exhibition was put on to appease the crowd, but without avail.

TELEGRAPHIC BREVITIES.

The case of Senator Burton of Kansas, accused of using his official influence in favor of a St. Louis grain concern, will be heard at the December term of court at St. Louis.

At Chicago, "Buddy" Ryan, the Chicago lightweight, was beaten so badly in his fight with Jimmy Gardner of Lowell, Mass., that the referee stopped the fight in the sixth round to save Ryan from further punishment.

### DEPRESSION IN RUSSIA.

Impending Fall of Port Arthur Casts Gloom Over the Empire.

London, June 6.—That the curtain is drawn again over the progress of the war probably indicates that important events are impending or about. The

explosions heard at Port Arthur suggest that the Russians have renewed their attempts to remove obstructions in the mouth of the harbor. All kinds of rumors are current, few of which appear to have any reliable basis.

Various special correspondents in St. Petersburg report increasing depression in Russia over the prospect of the fall of Port Arthur and say that wild reports are in circulation as to dissensions between the generals and the highest officials over questions of policy and strategy. The Daily Mail gives great prominence to a statement "from a Russian correspondent" declaring that Russia will stand or fall by Port Arthur, as far as the government's prestige with the lower classes is concerned.

"Internal troubles are inevitable," the correspondent says, "should the fortress fall. Count Lamsdorff displays a strong personality but his position is precarious and he is likely to be sacrificed as a scapegoat to popular indignation at the way the war has been conducted. Although it is said that General Kuropatkin has lost favor at court, no change in the command of the army is contemplated."

### KUROKI HAD TYPHUS FEVER.

But the Japanese General Has Fully Recovered.

Paris, June 6.—The St. Petersburg correspondent of the Echo de Paris says:

"According to information received here, General Kuroki has been suffering from a mild attack of typhus fever, but he has now recovered."

"The general belief is that General Kuropatkin will not advance to the relief of Port Arthur. In any case orders to do so have not yet been transmitted."

"I learn that England has obtained from Japan in behalf of Russia assurances that the Japanese will not destroy seals in Behring Sea during the war."

"It is rumored that the army corps of the St. Petersburg district will be mobilized shortly. I have reason to believe that two other army corps in the Central districts will also be mobilized."

### PIGEONS FROM PORT ARTHUR.

Arrive at Newchwang With Good Information for Russians.

Newchwang, June 6.—Two carrier pigeons arrived Saturday at noon from General Stoessel at Port Arthur. The Russians will not divulge the messages carried by the birds but declare they contain good information and are very cheerful since the pigeons arrived.

A messenger from the north reports that the magistrates of Haicheng and Liaoyang were recently arrested by the Russians and charged with furnishing supplies and information to the enemy. They were taken to Mukden, but released after an investigation.

### JAP ADVANCE CONFIRMED.

Troops Now Within Fifteen Miles of Port Arthur.

Chefoo, June 6.—A Japanese correspondent from Dalny confirms the reported advance of the Japanese army on Port Arthur, news of which was brought here by Chinese. The correspondent, however, states there are fifteen miles between the Japanese and Port Arthur, instead of seven, as reported by the Chinese. The Japanese army is advancing along both coasts. It is reported that the penin-

sular division on the east coast fought a battle within fifteen miles of Port Arthur June 3. The result of the battle has not yet been learned.

A junk which lay off Port Arthur June 4, because of lack of wind, heard desultory firing that morning and saw five Japanese torpedo destroyers as they disappeared below the horizon. Semi-Centennial Exercises of Wisconsin University.

Madison, Wis., June 6.—The semi-centennial exercises of the University of Wisconsin opened most auspiciously Sunday in the gymnasium, where the baccalaureate address of Professor John Bascom, former president of the university, was read by John M. Olin to the members of the graduating class, Professor Bascom being absent on account of impaired health.

Probably never has so large and distinguished an audience gathered for a commencement exercise as that of Sunday. The university section of Madison is alive with visitors from all parts of the country, a large number of alumni, and representatives of the universities and colleges which are sending members of their faculties to present their congratulations to the university, having arrived.

Preceding the exercises was the academic procession to the gymnasium, which was viewed by a great throng of people. President Van Hise headed the procession, which included G. F. Merrill, Dr. J. D. Butler, W. F. Vilas and J. M. Olin.

The programme was excellent. The jubilee concludes Thursday.

### CHARGE OF MURDER.

Friends of F. T. Young Say It Will Be Preferred Against Someone.

New York, June 6.—Relatives and friends of Frank T. Young, the book-maker and race horse owner who was shot and killed in a cab while riding with Mrs. "Nan" Patterson Saturday morning, were in consultation Sunday with a lawyer. Subsequently it was said that a witness would be produced at the inquest whose testimony would certainly result in a definite charge of murder being preferred against someone.

### FARMER KILLS TWO MEN.

Shooting the Result of an Ancient Quarrel.

Lexington, Va., June 6.—Edward McCormick, a young farmer of Brownsburg, sixteen miles from here, Saturday night shot and instantly killed John W. Wade and Arthur Blackwell. The shooting was the result of bad feeling that has existed between the men for three years. McCormick is under arrest. The dead men laylaid McCormick and started the fight.

## MANY PERSONS HURT

TROLLEY CAR RUNS AWAY AND STRIKES AGAINST A TREE AT BURLINGTON, IA.

Burlington, Ia., June 6.—A heavily loaded electric street car on the Valley street line Sunday was wrecked against a shade tree. The passengers jumped as the car flew along. Mrs. John Keehn was killed and sixteen others were seriously injured. Ora J. Gould, publisher of the City Directory, had his shoulder broken. Several others had arms and legs broken and many were badly cut about the head and shoulders.

In some unknown manner the brake beam on the open electric car broke just as the car was beginning to descend a steep valley. The car dashed down the long incline with frightful speed and at the foot of the hill crashed into a shade tree. The car was crowded with people, who began to jump as soon as the danger seemed imminent. Mrs. John Keehn was killed almost instantly, and sixteen others are known to have been seriously injured. The injured ones were strewn on both sides of the track down the entire length of the hill. They were taken to neighboring residences or to hospitals. The injured are:

Mrs. Joseph Carlson, Miss Jennie Munson, Mrs. Charles A. Munson, W. L. Kesler, Mrs. Davenport, Miss Betty Sanborn, Charles Taeger, Mrs. Charles Taeger, Edward M. Hellwig, Mrs. L. Sloderberg, Miss Emma Thuline, William Kottknap and Ora J. Gould.

### MOB ATTACKS HEBREWS.

More Than a Dozen Men and Women Badly Injured.

New York, June 6.—More than a dozen men and women were badly injured and much property destroyed by a mob which attacked several Hebrews and brutally beat them before the police arrived.

One man is dying in a hospital with a fractured skull and many others are nursing broken bones and sore heads as a result of the riot. The Hebrews were attacked by a gang known as "the Rainmakers," who have for years terrorized the residents in the southern end of Brooklyn.

### Engineers Elect an Iowa Man.

## STREAMS OVERFLOW

HEAVY RAINFALL OVER BLACK HILLS DISTRICT RESULTS IN SERIOUS FLOODS.

### TWO FATALITIES RECORDED

TOTAL PROPERTY LOSS IS ESTIMATED AT FULLY A HALF A MILLION DOLLARS.

Deadwood, S. D., June 6.—As a result of the heavy rainfall over the Black Hills, which has continued for nearly a week, Deadwood, Deadwood and Choate creeks, the streams which pass within the city limits, have left their banks, carrying away a number of barns, sidewalks and outbuildings. The White building, one of the most substantial in the city, was wrecked and the city hall greatly damaged. One large building was carried away. Two lives are known to be lost. Mathew Bender, a young man of Center City, was drowned in an attempt to save property, and Guy S. Boudy, a farmer, drowned near Sturgis. No trains have been able to enter or leave Deadwood since Friday on either the Burlington or Northwestern on account of washouts. The damage was greatest at Central City, nearly all the business portion of that town being washed away. Half a mile of Northwestern track was swept away and the Columbus Mining company's plant nearly destroyed. A large number of homes at Gayville were carried away and the lower part of the town is under water.

It is believed the property loss in Deadwood and other Black Hills cities and to railroads will exceed \$500,000. The water is still high, but it is believed the crest of the flood has been reached.

### TWO MEN WOUNDED.

Gang Attacks Home of William Gillen in New York.

New York, June 6.—William Gillen, twenty-four years old, was attacked by a gang of about twenty men Sunday night at his home in East Sixteenth street. Several shots were fired and Gillen was struck on the forehead by a bullet and slightly wounded. He fired his own revolver five times into the crowd and probably mortally wounded William Wynn, nineteen years old. Gillen, Wynn and three others were arrested. All refused to talk.

## RIOTING AT ST. LOUIS

CROWD BECOMES INCENSED BECAUSE A BULL FIGHT IS NOT PULLED OFF.

St. Louis, June 6.—Incensed over their failure to see a "genuine bull fight," which the authorities had ordered stopped, a riot was started in an arena near the world's fair grounds Sunday evening by a crowd of 2,500 men and boys, who were unable to get their money back, and the building was burned to the ground. The price of admission was \$1. Four men were placed under arrest by the authorities of St. Louis county, charged with the destruction of property. The crowd, thinking these men were connected with the show, made an attempt to mob them and in their encounter with the deputy sheriffs a number were roughly handled and some received scalp wounds. The building is said to have cost \$2,500. It is a total loss, with no insurance. A wild west exhibition was put on to appease the crowd, but without avail.

### TELEGRAPHIC BREVITIES.

After making several attempts to carry out the programme of A. A. U. contests Friday at St. Louis, they were finally postponed on account of rain until Saturday.

The case of Senator Burton of Kansas, accused of using his official influence in favor of a St. Louis grain concern, will be heard at the December term of court at St. Louis.

At Chicago, "Buddy" Ryan, the Chicago lightweight, was beaten so badly in his fight with Jimmy Gardner of Lowell, Mass., that the referee stopped the fight in the sixth round to save Ryan from further punishment.

A MOTHER TOOK  
DOSE OF POISON

And it is Thought that it was a  
Suicidal Attempt—Woman  
Will Recover

## DAUGHTER GIVEN POISON ALSO

But Mother Claims that she  
Thought it was Candy when  
it was Eaten

A rather sensational story is wafted from Pine River way today regarding what is thought to have been an attempt at suicide by Mrs. John Vail, wife of the proprietor of the City Hotel of that village.

Mrs. Vail is said to have had a quantity of blue vitrol and yesterday afternoon gave her little daughter a piece of it to eat and then took a rather large dose of it herself. The child did not eat much of it as it did not taste good to her, but the mother is said to have taken a large dose and it was with difficulty that the attending physician pulled her through. She is better today, however, and it is thought now that she will recover.

After Mrs. Vail came to she said it was a mistake and that she thought it was candy, when she gave the daughter a small piece of the blue vitrol.

## TAXES TOO HIGH

Settlers of Smiley and Lake Edward Protest Against Alleged Exorbitant

## Assessment.

Hubert, Minn., June 2, 1904.

## EDITORS THE DISPATCH:

Gentlemen: At a called meeting of the settlers of Smiley and Lake Edwards townships the following resolution was unanimously passed as reported from the committee appointed to draft a resolution:

Whereas, the burden of taxation upon the settlers of Smiley and Lake Edwards townships has been enormously increased in the last two years, the taxes upon our unimproved acreage having been doubled, tripled and in some cases quadrupled in that time and is now out of all proportion to the relative burden borne by most of the other parts of the state, our land being assessed at nearly if not quite its full present selling value, while in other portions of the state generally the rule is very much less.

Therefore Resolved, that we remonstrate against the injustice of this unequal burden and appeal to our assessors and township and county boards of equalization to appraise our lands at the same per cent of their selling value as the lands in most of the other counties are assessed, to the end that we who are trying to make this pine stump wilderness habitable and have the extraordinary local taxes incident to new settlements, may not have to longer pay more than our just share of the expenses of county and state. And we invite the co-operation of settlers in other townships similarly situated.

Messrs. Editors, the resolution explains itself. Two years ago we were kept from protesting by the assurance that higher valuation meant lower rate and that the aggregate of our taxes would not be materially increased. The result was as set forth in the resolution. The money unjustly taken from us by the too high valuation of two years ago

is gone and the men who had to borrow the money to pay their unexpected increased tax are still in debt for it, but now our eyes are wide open and the injustice cannot be repeated in this year's valuation except against our earnest and united protest and in the light of full publicity and we do not believe that our township assessors, town supervisors and county commissioners will be deaf to our appeals for justice. The new settler in our townships on a quarter section that it would be difficult to sell now for \$4 an acre in cash, with very little of it under plough, with mere shacks for buildings, has had to pay about \$30 tax which is about the same as the farmer in the south part of the state has to pay on a quarter section of all improved land with good buildings and that would sell readily for \$75 an acre in cash. But we are told that our high taxes are the fault of our local boards. No doubt in our anxiety to educate our children and improve our roads we vote too much, especially too many months of school when in order to pay our taxes we have to take our children out of school to pick blueberries to help us out or do the work at home while we go out to work by the day to get money to pay our taxes, but the fact that we tax ourselves too much for schools in a new settlement is no shadow of excuse for valuing our land too high and thereby compelling us to pay more than our share of state and county taxes.

Very Respectfully,

TAXPAYER.

Two years ago we were kept from protesting by the assurance that higher valuation meant lower rate and that the aggregate of our taxes would not be materially increased. The result was as set forth in the resolution. The money unjustly taken from us by the too high valuation of two years ago

is gone and the men who had to borrow the money to pay their unexpected increased tax are still in debt for it, but now our eyes are wide open and the injustice cannot be repeated in this year's valuation except against our earnest and united protest and in the light of full publicity and we do not believe that our township assessors, town supervisors and county commissioners will be deaf to our appeals for justice. The new settler in our townships on a quarter section that it would be difficult to sell now for \$4 an acre in cash, with very little of it under plough, with mere shacks for buildings, has had to pay about \$30 tax which is about the same as the farmer in the south part of the state has to pay on a quarter section of all improved land with good buildings and that would sell readily for \$75 an acre in cash. But we are told that our high taxes are the fault of our local boards. No doubt in our anxiety to educate our children and improve our roads we vote too much, especially too many months of school when in order to pay our taxes we have to take our children out of school to pick blueberries to help us out or do the work at home while we go out to work by the day to get money to pay our taxes, but the fact that we tax ourselves too much for schools in a new settlement is no shadow of excuse for valuing our land too high and thereby compelling us to pay more than our share of state and county taxes.

Very Respectfully,  
TAXPAYER.

## OLD CROW WING

The Famous Trading Post Now a Deserted Spot says an Old Timer

During the past week, we had the pleasure of visiting the old townsite of Crow Wing, says the White Earth Tomahawk. During our one day's stay there many pleasant memories were recalled by seeing the familiar old spots of our boyhood days. As we sat on the banks of the Mississippi River, we could almost imagine we heard the joyous laughter of the old timers, many of whom have gone to their eternal rest, and also the Red River jig as played at John George's place by Joe Adon and O-she-bah. Happy days were those of the many members of this reservation while they lived at Crow Wing. Bill Scott kept them busily watching for his practical jokes, and Tom Cathcart kept the air filled with his war-whoops.

Old Crow Wing is unquestionably Minnesota's health giving and beauty spot, yet it stands practically deserted. Until recently it has been occupied by a family named Bailey, but Mrs. Bailey, after her husband's death, moved west, where she got married this spring. The Bailey's had what they thought was a good tax title to the lands of the townsite, but last year it was discovered that they had no title whatever, and that it had always been in the name of its original owner. Even the lots which were sold to different persons were irregularly recorded and these purchasers also had no title. The present owner is now anxious to reinstate the old place as a townsite and would gladly give the holders of lots a good title to them.

We are informed that many people are attracted to old Crow Wing and that frequent excursions come there from Brainerd on a steam launch during the summer seasons.

Steps have been taken to secure the establishment of a small saw mill at the mouth of the Crow Wing River, which is on the opposite side of the Mississippi River from the old townsite, and also for the purchase of a ferry boat to be located there.

The country on the west side of the Crow Wing river, immediately opposite the old town, is thickly settled with a good class of farmers, and they have cleared the land of the timber with which it was covered formerly, so that now it has the appearance of being a well cultivated prairie. This clearing of the timber has added to the beauty of the country. The timber is on the old townsite, however, has never been disturbed and still remains intact to greet those who may in the future return there from here.

MUNICIPAL COURT MATTERS

Case Against Young Men Charged with Charvari Has Been Dismissed—Pow-ers Case Continued

This morning in the municipal court before Judge Reimstead the case of the state against some six or eight young men, charged under the statutes with charvari, was dismissed on motion of County Attorney Crane. The case attracted considerable attention a few days ago in the police court when a jury trial was held, and the jury failed to agree. It was thought that another jury might do the same thing and the county attorney thought that it would be useless to burden the county further with an expense.

John Powers, the man who was brought back from Aitkin by Sheriff Erickson, charged with robbery, was in court this morning. The hearing was continued until Wednesday June 15.

## VERDICT IN DAMAGE CASE IS SET ASIDE

Judge Kelly, of St. Paul, Grants  
Motion of Defendant Com-  
pany in Carleton Case

CARLETON SUED FOR \$25,000

And the Jury Brought in a Ver-  
dict for \$5,150 but the Court  
says he Cannot Recover

Judge Kelly in the district court Saturday granted the motion of the defendant to direct a verdict in its favor notwithstanding the verdict of the jury, in the case of S. C. Carleton, a brakeman, against the Great Northern railroad, according to the Pioneer Press. When the case was tried the defendant asked the court to direct a verdict in its favor but the motion was denied and the jury brought in a verdict for \$5,150 damages for the plaintiff. This is set aside by the order filed Saturday by Judge Kelly.

Carleton alleged negligence on the part of the defendant in not providing a perfect safe "sill step" on one of its cars. He stepped, he alleged, either because the step was not on the car or because it was in imperfect condition. When the case was tried the plaintiff could not properly identify the car except that it was of 60,000 pound capacity.

Witnesses for the defense testified that he fell from car number 35,610 which had been traced and found to be in excellent condition. The court charged the jury that if it found he fell from that car it should bring a verdict for the defendant. The court holds after a scrutiny of the records in the case that the plaintiff fell from that car and is not entitled to recover.

Mr. Carleton sued the company for \$25,000. The case will probably be tried again, and Mr. Carleton's many friends in this city would like to see him get something.

The DISPATCH will be delivered at your door for 40 cents per month.

## A VERY HEAVY MOVEMENT

Railroad Reaching Reservation Through-  
out the Northwest Report that There  
Are Large Number of Inquiries.

Railroads reaching Minnesota Indian reservations to be opened up this year report that inquiries as to the lands open for settlement are numerous and that there will probably be a very heavy movement to the reservations. About half a million acres of land in the Red Lake, Chippewa of the Mississippi, Bois Fort, Pigeon River, Deer Creek and White Oak point and Winnibigoshish reservations will be opened for settlement this month.

Eleven townships in the Red Lake reservation are subject to entry June 20, and will be sold at public auction for not less than \$4 per acre. Entries for this land will be received at the Crookston land office. The other reservation lands will be subject to entry June 15, under the homestead laws. Each settler will be required to pay \$1.25 per acre for his land in five annual payments. Entries for the Bois Fort and Pigeon River lands will be received at the Duluth land office. Entries for lands in the Bois Fort, White Oak Point, Chippewa of the Mississippi, Deer Creek and Winnibigoshish reservations will be received at the Cass Lake land office.

## VERDICT IN DAMAGE CASE IS SET ASIDE

Judge Kelly, of St. Paul, Grants  
Motion of Defendant Com-  
pany in Carleton Case

**CARLETON SUED FOR \$25,000**

And the Jury Brought in a Ver-  
dict for \$5,150 but the Court  
says he Cannot Recover

Judge Kelly in the district court Saturday granted the motion of the defendant to direct a verdict in its favor notwithstanding the verdict of the jury, in the case of S. C. Carleton, a brakeman, against the Great Northern railroad, according to the Pioneer Press. When the case was tried the defendant asked the court to direct a verdict in its favor but the motion was denied and the jury brought in a verdict for \$5,150 damages for the plaintiff. This is set aside by the order filed Saturday by Judge Kelly.

Carleton alleged negligence on the part of the defendant in not providing a perfect safe "sill step" on one of its cars. He slipped, he alleged, either because the step was not on the car or because it was in imperfect condition. When the case was tried the plaintiff could not properly identify the car except that it was of 60,000 pound capacity.

Witnesses for the defense testified that he fell from car number 35,610 which had been traced and found to be in excellent condition. The court charged the jury that if it found he fell from that car it should bring a verdict for the defendant. The court holds after a scrutiny of the records in the case that the plaintiff fell from that car and is not entitled to recover.

Mr. Carleton sued the company for \$25,000. The case will probably be tried again, and Mr. Carleton's many friends in this city would like to see him get something.

The DISPATCH will be delivered at your door for 40 cents per month.

## A VERY HEAVY MOVEMENT

Railroad Reaching Reservation Through-  
out the Northwest Report that There  
Are Large Number of Inquiries.

Railroads reaching Minnesota Indian reservations to be opened up this year report that inquiries as to the lands open for settlement are numerous and that there will probably be a very heavy movement to the reservations. About half a million acres of land in the Red Lake, Chippewa of the Mississippi, Bois Fort, Pigeon River, Deer Creek and White Oak point and Winnibigoshish reservations will be opened for settlement this month.

Eleven townships in the Red Lake reservation are subject to entry June 20, and will be sold at public auction for not less than \$4 per acre. Entries for this land will be received at the Crookston land office. The other reservation lands will be subject to entry June 15, under the homestead laws. Each settler will be required to pay \$1.25 per acre for his land in five annual payments. Entries for the Bois Fort and Pigeon River lands will be received at the Duluth land office. Entries for lands in the Bois Fort, White Oak Point, Chippewa of the Mississippi, Deer Creek and Winnibigoshish reservations will be received at the Cass Lake land office.

## MUNICIPAL COURT MATTERS

Case Against Young Men Charged with  
Charvari has Been Dismissed--Pow-  
ers Case Continued

This morning in the municipal court before Judge Reimstead the case of the state against some six or eight young men, charged under the statutes with charvari, was dismissed on motion of County Attorney Crane. The case attracted considerable attention a few days ago in the police court when a jury trial was held, and the jury failed to agree. It was thought that another jury might do the same thing and the county attorney thought that it would be useless to burden the county further with any expense.

John Powers, the man who was brought back from Aitkin by Sheriff Erickson, charged with robbery, was in court this morning. The hearing was continued until Wednesday June 15.

**FIRST MEMORIAL SERVICE.**  
Held Over the Graves of Confederate Dead at Arlington.

Washington, June 6.—In the presence of thousands of ex-Confederate and Union veterans and numerous officers of the United States service and those of the G. A. R., the first memorial service held over the graves in the Confederate section of Arlington cemetery took place Sunday. As the result of a movement initiated by the late President McKinley, the Confederate dead have now been gathered in one large and beautiful circle in the Southern part of the cemetery, where the graves have been marked with separate stones.

The exercises Sunday were opened with music by the Fifteenth cavalry band. In a spirit of good will and fraternity, after the exercises over the graves of the Confederate dead, those in charge of the services repeated them over the graves of the 2,000 unknown Union dead and decorated the graves with flowers.

**BARGE SINKS IN COLLISION.**  
Captain of the Craft a Victim of the Disaster.

Vineyard Haven, Mass., June 6.—The barge Lorberry of the Philadelphia and Reading Coal company was sunk off Vineyard Sound lightship during a dense fog Sunday, through a collision with the steamer Tallahassee, Savannah for Boston.

Captain Burroughs of the barge was drowned. The Tallahassee was saved from sinking by her water-tight compartments and arrived here in the evening. Her nineteen passengers will be sent to Boston by rail.

**Succumbs to His Wounds.**  
Minneapolis, June 6.—Ray Harrison, the young business man of Donnelly, Minn., who was shot several days ago by Miss Meda Mahn, died at St. Mary's hospital of his wounds at 3 o'clock Sunday afternoon. The bullet from the young woman's weapon pierced his stomach and liver.

**Eight Persons Injured.**  
Indianapolis, Ind., June 6.—Two street cars, one of which was returning from Riverside Park, carrying sixty-one passengers, collided Sunday night, resulting in the injury of eight persons, one of whom, Conductor Walter Dunn, will probably die.

**BOY STARTS A RIOT.**

Hits an Italian With a Baseball and a General Fight Follows.

New York, June 6.—A boy with a baseball started a riot near Pier 42, North river, late Sunday, as the result of which four Italians received bullet wounds and were taken to the hospital and fourteen of their countrymen are under arrest.

The boy threw the ball at a group of 150 Italian coal passers who were leaving the pier and it struck one of the men on the leg. The Italian drew a stiletto and ran after the boy, but was caught by a policeman. The Italian then knocked the officer down and beat him until other policemen charged the crowd. Italians and police then drew revolvers and in the shooting that followed four Italians were wounded. The others were driven aboard the Cunard liner Slavonia and arrested.

None of the policemen were seriously hurt. It is thought the wounded Italians will all recover.

**HOWELL NOT DISMAYED.**

Desertion From Employees' Association Not Unusual.

Cleveland, O., June 6.—Paul Howell, district captain of the Masters and Pilots' association, is undismayed by the seeming break in the tie up of the lake traffic. He said that he was not yielding an inch and there was no possibility of his doing so; that with a membership of 3,500 some few desertions was not unusual. He believes that if the strike is settled that those who have gone to work will be released from lake service.

Duluth, June 6.—The deadlock between the Lake Carriers' and the Masters and Pilots' associations is broken. Vessel owners and managers are getting many applications from masters for boats. The breaking away of twenty-four members from the Milwaukee lodge of masters and pilots Saturday has had a demoralizing effect throughout the association.
